

# The Art of Connected Presenting

with

Maya Kollman, Master Trainer

December 9, 10, 11, 2003

Orlando, Florida

20 CEUs (APA approved through IRI)

Enrollment is limited to 10 participants.

*Have you ever wanted to develop or sharpen your presenting skills . . .  
for presenting talks on Imago or other topics you are passionate about?*

This two and a half day training is designed especially for Imago therapists who are NOT Getting the Love You Want workshop presenters, but who want to sharpen their presenting . . . or BEGIN presenting on any topic.

Anyone who has trained with Maya knows that one of her gifts is her ability to create a VERY safe and inviting environment to take your next step in becoming visible and putting yourself out in the world. With the experience of doing over 250 *Getting the Love You Want* workshops, more trainings than she can count, and countless non-Imago workshops and trainings for a variety of groups, Maya brings a unique wealth of knowledge and experience to share with novices or veterans who want to put themselves and their wisdom out into the world even more than they already do. . . . and do it even more powerfully.

The focus will be on the PROCESS of giving talks and workshops, not on CONTENT of a particular workshop. You will be able to apply what you learn to any setting or ANY topic in which you want to share your knowledge and experience with a group.

*In this training with Maya, you will learn how to:*

- **Connect more deeply and powerfully with your audience**
- **Work WITH the energy in the room, instead of against it**
- **Find and maintain your OWN energy as a presenter**
- **Deepen your presenting skills**
- **Meet the needs of different learning styles in groups**
- **Have more FUN and bring more fun to your audience**
- **Gain more confidence and presence as a presenter**
